Don't be silly you're happy already so keep yourself steady and rool with the wake of the wonderful nurturing bureoning wave you're on. It's not so terrible taking your feelings your innermost colors your secrets and dealings and placing them all in a shiny new silver box. Cursed for caring the visage you're wearing is twearing it's own eyes out and taking a good long look at itself. So don't be silly you're happy already. DON'T RUN AWAY-WRESTLE WITH YOUR ANGER-DON'T RUN AWAY-I'LL NEVER BE A STRANGER. Cyrb hostility tap your ability open the door to place in your mind where the beauty exceeds all the ugliness in your life. Don't deny what is painfully evident back up your relevance never forget that the darkness you feel is an alternate form of light. CAN'T GET USED TO THE HORSE YOU'RE ON YOU'VE GOTTA WNDNER. CAN'T GET USED TO THE HORSE YOU'RE ON YOU'VE GOTTA ROLL.
