Slow down fam
We killin'em
L.A Leakers
Yeah
Be on a look out
For rose goals mixtape
Now
But Imma be K Roosevelt
Meet me here and I'm tryin'
Fall on love with nothin'
Knowin' you ain't lookin'
For the right one
Spendin' every night
With different lovers
And none of them fit
Through fazz
Uuuuuu
Once in a while
We meet each other
And we wanna go
Lay down down
Worried by the last love known
We delivered an animal
Show me a good time
When I spent this one night
With you
Make you feel alive
Make me feel
Like I'm in love with you
Just let it be
Beautiful
Just let it be
Beautiful
Knowin' you ain't layin' in ma bed for noth
Sippin' in a little liquer for the light
Buzz morning in a crasp
But less in love
Playin' in a nit to covers
Low light catch in glimps to love ya
Ooo, listen to your body now
Know you hattin' let alone

Ooo, we goin all night on
Show me a good time
When I spent this one night
With you
Make you feel alive
Make me feel
Like I'm in love with you
Just let it be
Beautiful
Just let it be
Beautiful
I got no place her
Take us to your head
Got no rings or
Your hands on fire boy
You ain try to lane up
I can hood a good in a million
I can tell why, it stands
What's the chances off media
You and me
To bring nice subject
Waitin.....
.....
We don't need now
Bitch lean us
Take you where you need
You wanna show you some feelings for
Show me a good time
When I spent this one night
With you
Make you feel alive
Make me feel
Like I'm in love with you
Just let it be
Beautiful
Just let it be
Beautiful
