[Intro]

Yeah  
You know they got you right  
Yeah man I know  
And you out doing  
The same dam thing  
I aint tripping though dog  
Just want they want you to do  
Yeah you know  
But hey  
But you know  
The choice is your man

[Verse 1]

They never take me alive  
Is what I cried  
Till I fled the scene  
There's more to life  
Than selling dope  
And sipping Hennasy  
How can it be that I'm'a enemy  
Don't look at me continually  
Contemplate to get rid of me  
Will I ever see  
Peace in this hood  
To witch I'm calling home  
Cause now in days it just be hard  
To get my money on  
Staying out late at night  
Need some more fetti right  
Living the street life  
Thinking I'm getting game tight  
But partner  
Game is meant for playing for keeps  
And game will ever turn  
Cause even you got to sleep  
See  
I keep saying that I'm cursed  
But the worst is even yet to come  
They give you 3 strikes now

But wait until it's 1  
And 1 time  
They got playing to see  
The reinstated of this ghetto  
Wide slavery  
Prepare to be  
The posse coming up in the game  
Anotha name  
Anotha number  
Now you stuck in the game  
It don't stop

[Chorus]

Feel like a victim in this ghetto trap  
You got me stuck in this system  
Now your stuck in this game  
Feel like a victim in this ghetto trap  
You got me stuck in this system  
Now your stuck in this game  
That's why I...  
Feel like a victim in this ghetto trap  
They got me stuck in this system  
Now you got me stuck in this game  
You know I...  
Feel like a victim in this ghetto trap  
They got me stuck in this system  
Now you got me stuck in this game

[Verse 2]

So now I need to get this job  
So I can put some food on my table  
But black is hard  
Hate this  
But I'm willing and able ling  
But there's these problem  
You see  
I got this felony thang  
And that's the kind of shit  
That throwing off my game  
But what a shame  
They got me straight up  
Stuck in the deal  
Our destiny is to flipping burgers  
Or this clean up shit  
But that aint me  
So what the fuck will I'ma  
Gonna do  
Go back to school  
Or get this job

And run for 4 and a few  
I thought you knew  
I aint going out like that  
I guess I'll be anotha victim  
Of these ghetto trap

I got to stack  
But stacking is what they want me to do  
So they can  
Build up them case  
And watch me fall of like a fool  
I'm just a two  
Sucka man part of the game  
They got my number  
That ass  
They both the same  
Now feel the pain  
I'm sweating  
Stuck in the rain  
Left in the game  
And I'm loosing  
Cause I'm stuck in this game  
It don't stop

[Chorus]

[Verse 3]

My nigga  
Navel wasn't a quitter  
But then his feelings drove him insane  
You can't change the game  
The game changes name  
The 8 stairs 59826  
Another warrant of the state  
San Quinton state prison  
Now isn't  
Life out ranic  
How quickly be change  
From trying' a  
Making that change  
To only  
Making change  
Of thangs  
They seemed  
To happened to my peps  
You see  
That aint no job  
About to get you  
What you getting for free  
Well it's me

The ghetto got me game  
But put me on check  
No respect  
The effect  
Is now play with a half deck  
Collective  
It is for my lady on the first see  
Cause I aint stacking nothing but bills  
Trying to live Quinton  
A fiends  
For the fetti  
But fetti  
Be my down fall  
My future  
I see it all  
Cause I can't forget y'all  
But fuck my whole life  
Standing tall  
Like I should man  
Get used to this fucking pain  
I'm stuck in this fucking game  
Ashamed how a  
Nigga can switch  
From a true G  
The ghetto be playing me  
That jealousy be fattening me  
But I still see  
Blood at the end  
Of this black cause  
Look deep in my black soul  
Shit gotta get better y'all  
But trigger man  
I aint gonna trip  
I'm gonna handle mine  
Live life on the borderline  
Trying hard not to lose my mind  
To find  
The time  
To combine  
All my skills see  
I'm stuck in the game  
But no devil gonna play me  
Don't stop

[Chorus]

[Outtro]

Not a wise choice  
Yeah  
But you gotta deal with it now

Shit yeah man  
You know  
Aint no thing but chicken wing  
Partner  
I'm gonna handle mine the best I can  
You know  
Never give up boy  
Yeah right  
Me against the whole world right about now  
Yeah I feel you  
But uh,  
You know  
I'm gonna handle my business man  
And deal with this shit  
You know what I'm saying  
Word up  
Right on man

[Chorus]
