[Verse One]

Somebody help me, I'm thinkin' I can't cope  
Early in the mornin, looked in the mirror and seen  
myself hangin' from a rope  
And it got me in a fucked up state of mind  
I'm havin' thoughts of blowin' my brains out from time  
to time  
I often feel like I'm livin' on the run  
And I'm straight nervous, paranoid, so I'm sleepin' with  
a gun  
I close my eyes and I can hear them bitches screamin'  
I'm wide awake and yet it feels like I am dreamin'  
What should I do, I think I need a head Shrink  
Every time a killin' is done, I write it down in blood not  
ink  
I always wanna take my own life, put a bullet in my  
dome  
Maybe that will make me feel right

[Chorus]

Instead of homicide I feel like suicide  
Somebody help me  
Instead of homicide I feel like commitin' suicide  
Instead of homicide I feel like suicide  
Somebody help me (Somebody help me)

[Verse Two]

I'm 'noid as fuck, I'm havin' nightmares 'cause of what  
I've done  
I killed this fool for no muthafuckin' reason  
Was there a motive behind it?  
Not that I know of, all I can say is that that muthafucka  
reminded  
Me of this trick I had big funk with  
So I snuck up on that mark and let the muthafuckin'  
pump kick  
Gauge blast, peeled his muthafuckin' cap back  
And later on that night I'm askin' myself, why did I do  
that?  
I should have knew that nigga wasn't him  
With no remorse I smoke a blunt and kill a fifth of that  
Henn, then

Went to sleep, now I'm seein' this nigga in my dreams  
Wish I was dead, one in the head  
Somebody help me

[Chorus]

[Verse Three]

Now I'm paranoid, body shiverin, got me wakin' up in a  
cold sweat  
I grab my gun, put it to my dome, wonderin' if I should  
just die yet  
These voices in my head keep tellin' me to pull it  
And to my own muthafuckin' brain it's like I'm goin'  
insane  
Feel like I'm looney, a nigga be gettin' psychotic  
thoughts  
I'd rather be takin' a quick way out than gettin' caught  
by the law  
Then spend the rest of my life ...(?) locked in a cell  
My father say I'm sick in the head, ...(?)  
So what the fuck am I to do to get up outta this shit  
Put a hot one in the chamber, let the nina go click  
(bang!)

[Chorus]
