You know I never meant to pass judgement on  
you.....But your a slut  
Yes , and just because I dare to criticise you , you say  
IÂ'm a nut  
But everytime that sale sign passes you by,  
youÂ're eyes go â€ž bling â€ž yes, they do....  
And our Love donÂ't mean a thing

SheÂ's at the center of her world  
And here I go complaining that the center isnÂ't me....  
SheÂ's at the center of her world  
And here I go complaining that the poles are  
misaligned....  
SheÂ's at the center of her world and feeling fine....

So now you tell me that youÂ've got to go shopping  
again...give me a break !!! ( Break !!! )  
Baby, tell me donÂ't you ever use your brain for  
thinking...instead of baking cakes  
Well everytime some sugar daddy passes by,  
youÂ're eyes go â€ž bling â€ž yeah, they do....  
And our Love donÂ't mean a thing

You just bought one of those !  
You just got one of them !  
You already have a ton of these !  
I just payed for one just like that !  
You just got one of these ! You just got one of these !  
You just got one of these ! Victoria !!!
