And if my body crumbles
I'll speak the words and without a doubt
My burning body will be saved
If I confess it with my mouth

You fill the void
Between the living and destroyed
I'll keep these tongues tied as the fire burns out all my
bridges
Just let them burn

Awaken by the Son of Grace
And I give him all my faith
The hour glass fades out
The darkness burns apart all of their dreams

Don't save your life you'll lose it
But if you give it up you'll see
And you will surely find it
You don't belong to me
I will destroy you with all of those who claim to be
I will confuse the minds of the one's who think they
know me
I will destroy you with all of those who come to me
I won't concern myself with your jealousy

You fill the void
Between the living and destroyed
I'll keep these tongues tied as the fire burns out all their
bridges

Don't save your life you'll lose it
But if you give it up you'll see
And you will surely find it
You don't belong to me

Don't save your life.
