It's not the reason  
Are not the reasons of your blame?  
Are not the words  
Are not the words that you said?  
And I guess, there is no other way  
Another way for change your game

And all of those that you have done  
And all the feelings that you've got  
Inside In, inside this fucking cage

What are you waiting for, what are you waiting for  
(What are you waiting for, what are you waiting for)  
What are you waiting for, what are you waiting for  
(So c'mon and c'mon and c'mon and c'mon)  
What are you waiting for, what are you waiting for  
(So c'mon and c'mon and c'mon and c'mon)  
What are you waiting for, what are you waiting for

The fake game  
The fake game that you play

Your fitted dress  
The fitted dress that you wear  
No longer please,  
No longer please, I'm dead  
Are you sure, that you don't care.

You know about this, we are the monarchy  
You know about this, we are the monarchy

What are you waiting for, what are you waiting for  
(What are you waiting for, what are you waiting for)  
What are you waiting for, what are you waiting for  
(What are you waiting for, what are you waiting for)  
What are you waiting for, what are you waiting for  
(So c'mon and c'mon and c'mon and c'mon)  
What are you waiting for, what are you waiting for

What are you waiting for, what are you waiting for  
What are you waiting for, what are you waiting for

What are you waiting for, what are you waiting for  
What are you waiting for, what are you waiting for
