Lights, you're surreal and crank (Blow your mind it's in)
Blow your mind it's in blank (Antiseptics are too)
Antiseptics are too light
Really I'm crystalized

Really I'm crystalized
Crystalized and

Lights, take me on night
The frenzy pleasure of your smile,
Pleasure of your smile

Lights, take me on night
The frenzy pleasure of your smile,
Pleasure of your smile

Inside I'm bleeding will I die (Blow your mind it's in)
Blow your mind it's in blank (Antiseptics are too)

Antiseptics are too light
Really I'm crystalized

Really I'm crystalized
Crystalized and

Lights, take me on night
The frenzy pleasure of your smile,
Pleasure of your smile

Lights, take me on night
The frenzy pleasure of your smile,
Pleasure of your smile

Inside I'm bleeding will I die (Blow your mind it's in)
Blow your mind it's in blank (Antiseptics are too)
Antiseptics are too light
Really I'm crystalized
