A night in the long grass Stay till the mornin'
Wait for the sunshine Alright

It's alright baby it's alright We can always find things to
do
I have told you how i feel about you
Now baby you don't need to feel so blue

See your friends there lookin' good
It's just a feelin' that's understood
Can't seem to find the right words Alright

It's alright baby it's alright We can always find things to
do
I have told you how i feel about you
Now baby you don't need to feel so blue

One sweet day you will be mine
A life without love is all very fine
But when day turns to night It don't take long
I have to tell you in the words of this song

Take this letter to my babe It's just to tell her of my love
She's got'a decide Alright

It's alright baby it's alright We can always find things to
do
I have told you how i feel about you
Now baby you don't need to feel so blue
