Visit "[Coming Back](#)" on [MotoLyrics.com](https://MotoLyrics.com)

It's a long way to Mississippi  
From San Francisco or Miami Beach  
Don't know how i'm gonna get there  
Probably try and hitch a ride

It's so far away Gotta come back here someday  
Time is on my side Can't be taken for a ride

My great grandpappy died and left me money  
I don't know much about him at all  
I'm leavin' towm tomorrow  
Should get back by the fall

It's so far away Gotta come back here someday  
Time is on my side Can't be taken for a ride

I'm comin' back to you It's the thing i wanna do  
I have to go far away But i'll be back someday

It's almost time to go I can't tell you anymore  
I don't wanna say goodbye As i stand by your door

It's so far away Gotta come back here someday  
Time is on my side Won't be taken for a ride  
Won't be taken for a ride
