"In The Fields"

Visit "[In The Fields](#)" on MotoLyrics.com

The king of the broken hearted Is here with you tonight
Don't look so astonished Just look at the night

Don't you know Don't you know

You fought them in the fields You took them to the
woods
The sword at last has fallen And the people all feel
good

Don't you know Don't you know

The king at last has spoken The praises have all been
said
The heroes have all come home The enemy is dead

Don't you know Don't you know

We are the broken hearted Spend our life in misery
Nothing seems to please us We are the broken hearted

You know we feel good But at what cost
Children of the universe We are at a loss

Don't you know Don't you know
