Dreams sprinkle on my mind,
Moments lost in time,
As the present passes by,

My youth slyly slipped away,
with each passing day,
And I couldn't stop a thing,

My soul, is all that I control,
the rest will unfold,
anyway it pleases

I wait outside, and watch the tide,
Drift away to another day,
Another day passes by

and a new child is born,
Brought into this world,
To write the next page,

In my dreams I've been here before,

I've walked through these doors
And seen the changing tide

My soul, is all that I control,
the rest will unfold,
anyway it pleases

I wait outside, to watch the tide,
Drift away to another day,
Another day passes

Autumn leaves fall and leave,
and bring such a sudden change
Though the leaves fall and leave,
they'll grow back again baby

I wait outside, and watch the tide,
Drift away to another day,
Another day passes

I wait outside, and watch the tide,
Drift away to another day,
Another day passes by
