(Intro)

Going through places I want to lay low,
Into the air here; I see through time.

(Verse one)

singing

Maybe in time, we might meet again (we might meet again),
But for now, I need, to clear my mind frame (clear my mind frame)
Tossing around, turning my page upside down, I'm in of confusion.
And sometimes we just need to, restart again (Restart again).

(Chorus one)

singing

Going through places, I want to lay low (lay low),
Into the air here, I see through time (through time).
Moving as fast as a silver shadow (shadow),
I'm feeling alright, I've got my mind right.
Going through places, I want to lay low (lay low), Lay low.
Oooo I'm feeling alright, Oooo I've got my mind right.
Oooo I'm feeling alright, Oooo I've got my mind right.

Going through places, I want to lay low (lay low),
Into the air here, I see through time (through time).
Moving as fast as a silver shadow (shadow),
I'm feeling alright, I've got my mind right.
Going through places, I want to lay low (lay low), Lay low.
Oooo I'm feeling alright, Oooo I've got my mind right...

(Verse two)

singing

Consistent, arguments

Can't we just take a break?(Can't we just take a break?)
Because it's never enough, for your sake.
I only get breaks
When you're just passing by, or when you're gone, my
friend.
I need sometime to-hoo, clear my mind frame (clear
my mind frame).

(Chorus two)
singing

Going through places, I want to lay low(lay low),
Into the air here, I see through time(through time).
Moving as fast as a silver shadow(shadow),
I'm feeling alright, I've got my mind right.
Going through places, I want to lay low(lay low), Lay
low.
Oooo I'm feeling alright, Oooo I've got my mind right.

Going through places, I want to lay low(lay low),

I'm feeling alright, I've got my mind right.
Going through places, I want to lay low(lay low), Lay
low.
Oooo I'm feeling alright, Oooo I've got my mind right.

(Verse three)
Rapping

From integrity,
To a conspiracy,
To insanity,
Which reminds me,
The knowledge you speak is blasphemy.
You can't seem to put yourself on the right road,
I'm not going to carry all this sadness, which is burden.
I want to go step out in the yard or the garden
Lay low on the beach by the sea, next to the ocean.
The stress that I put up with, is overrated.
You haven't even noticed how many tears I have shed-
ed.
It's like, confusion, a nemesis, and at the end
There is always a twist
Makes you want, to sit and reminisce
About the colorful things
In the past and the dreams you used to get.
An all time thing, that would make you just sit.
An infinite dream that would make your life zip
(That would make your life zip, yeah).

(Chorus three)

singing

Going through places, I want to lay low(lay low),
Into the air here, I see through time(through time).
Moving as fast as a silver shadow(shadow),
I'm feeling alright, I've got my mind right.
Going through places, I want to lay low(lay low), Lay
low.
Oooo I'm feeling alright, Oooo I've got my mind right.

Going through places, I want to lay low(lay low),
Into the air here, I see through time(through time).
Moving as fast as a silver shadow(shadow),
I'm feeling alright, I've got my mind right.
Going through places, I want to lay low(lay low), Lay
low.
Oooo I'm feeling alright, Oooo I've got my mind right.
Going through places, I want to lay low(lay low),

Into the air here, I see through time(time).

Going through places, I want to lay low(lay low),

Oooo I'm feeling alright, Oooo I've got my mind right.
