VERSE 1:

I have no choice
I'm in too deep,
My heart was born
To follow this dream
And I can't back down
And I won't give in
Somehow I'll find
That strength deep within
'Cause the passion I feel inside
Is too strong to lay down and die

CHORUS:

This is my life
This is my dream
This is the reason my heart beats
I'd rather fight
Each day of my life
Than give up belief
'Cause this is my heart
This is my soul
This is the only love I've known
My will to try
Grows weaker with time
But I won't give in
'Cause this is my dream

Verse 2:

I've stood my ground
And I've had to fight
But I won't give in
To these fears of mine
The road may be long
But I'll soldier on
'Cause I know in my heart
Where my soul belongs
Don't ever lecture me
Or tell me who to be

CHORUS:

This is my life
This is my dream
This is the reason my heart beats
I'd rather fight
Each day of my life
Than give up belief
'Cause this is my heart
This is my soul
This is the only love I've known
My will to try
Grows weaker with time
But I won't give in
'Cause this is my dream

MIDDLE:

There were times I tried
To follow a path
That was never right for me
And so I promised myself
That I would follow my heart
And if no one else believes

CHORUS:

Well this is my life
This is my dream
This is the reason my heart beats
I'd rather fight
Each day of my life
Than give up belief
'Cause this is my heart
This is my soul
This is the only love I've known
My will to try
Grows weaker with time
But I won't give in
'Cause this is my dream
