Body crumbles by La reine des damnÃ©s
finally recover and the mood is right
looking up into a neon sky
child in me takes over, guess it's been too long
since the last time that i tried to fly

(Chorus:)

finally i find when i lose control
inside my body crumbles
it's like therapy for my broken soul
inside my body crumbles

all i need's a moment, chance to get away
from the stressfulness of every day
know if i don't question and i never doubt
everything is gonna be okay

(repeat Chorus)

i don't know if i'll be alright
is it okay to be myself
why do we always have to fight
now i know it's alright

(repeat Chorus)
