Can't stop thinking of when
I'm gonna see you, I wanna see you again

Same time every day
You come in grab a coffee and pay
But you don't see me, you don't see me but then
You stop as if you heard me
Wishin' you were mine

(chorus)

I would give the world just to spend one night.
Watching your hair as it catches the light
wanna feel what it feels like holding your hand in mine.
Over and over again
I wanna watch your lips say a loving word
it will be the most beautiful sound I've ever heard
Watch a shooting star, wishing
for over and over again

Can't change the state that I'm in
I wouldn't know where to begin
How can I make you, how can I make you aware
But every time I see you
my world comes to an end
Cause...

(chorus)

One day I find the courage

Just before you walk out thru the door
To ask for your name
and maybe more
