VERSE

Life be the cure
Eye to the lens
Snapping a smile a bit immature
Sights taking sides
Which be the wrong
Which be the right hand
Point to the sign

Things are so unfair sometimes

CHORUS

Run, fly, sweet life
Not one of them is a wasted day
Oh oh oh oh
Sweet life
Time traveling mind
Stop and stare watching the
Marching bands go passing by
Stop and stare watching the
Marching bands go passing...

VERSE

Throw caution to the wind
Daylight flickering
Quiet state of mind safe in your skin
Into the clear
It's the time of your life
Falling in love so utterly still

Things can go our way sometime

CHORUS

Run, fly, sweet life
Not one of them is a wasted day
Oh oh oh oh
Sweet life
Time traveling mind
Stop and stare watching the
Marching bands go passing by
Stop and stare watching the

Marching bands go passing...

BRIDGE

We've got the minds to create
The hands to build
The voices to be heard
We've got the minds to create
The hands to build
The voices to be heard

Life be the cure

CHORUS

Run, fly, sweet life
Not one of them is a wasted day
Oh oh oh oh
Sweet life
Time traveling mind
Stop and stare watching the
Marching bands go passing by
Stop and stare watching the
Marching bands go passing...

VERSE

Life be the cure
Eye to the lens
Snapping a smile a bit immature
