"Take Me High"

I know you wake up reaching for me in the night
Last ray of hope after dream so sweet
And I know how to light the fire in your eyes
Heart beats the sound of retreat

Chorus:

Wanna be my darling? Take me high, take me low.
Wanna walk with me (wake by me)? Find the road where no one goes.
Wanna catch my breath? Make the winds never blow.
Wanna be my darling? Take me high, take me low.

Play all your cards on me, you don't need to pine
Maybe you're the one who holds the key
Between the perfect world and the bottom line
There's a hidden place for you and me
