Iâ€™m sorry for me buggin you
Sorry for being such a fool
God knows Iâ€™ve tried but I canâ€™t let go
Iâ€™m crazy â€™bout you know who
Iâ€™m sorry for me needing you
Sorry girl that you don feel it too
I get the point, should be a man about it
Iâ€™ve never been good that- no no
Forgive me for being me
Iâ€™ve tried to let go
I know you got a boyfriend- another man
Another guy by your side
Someone who hopefully treats you right
But you donâ€™t know how much I wish I was
Your boyfriend- that other guy
The only one whoâ€™s allowed
In your room to lay in your arms at night
Now u donâ€™t know how much I wish I was your
boyfriend
Iâ€™m sorry for me wanting you
Sorry for not playing by the rules
But what would you do if u were in my shoes
Feeling lost and blue mnn
Iâ€™m sorry for me lovinâ€™ you
Sorry for being such a fool
God knows Iâ€™ve tried but I canâ€™t let go
Iâ€™m crazy â€™bout you know who
Forgive me for being me
Iâ€™ve tried to let go
I know you got a boyfriend- another man
Another guy by your side
Someone who hopefully treats you right
But you donâ€™t know how much I wish I was
Your boyfriend- that other guy
The only one whoâ€™s allowed
In your room to lay in your arms at night
Now u donâ€™t know how much I wish I was your
boyfriend
Another man is by your side
I hope he treats you right
I wish I was the only one
To lay in your arms at night

Well you can't blame a guy for tryin'
Now what else can I do
And how I wish that my prayers, thoughts and dreams
Would become reality
I know you got a boyfriend- another man
Another guy by your side
Someone who hopefully treats you right
But you don't know how much I wish I was
Your boyfriend- that other guy
The only one who's allowed
In your room to lay in your arms at night
Now u don't know how much I wish I
I know you got a boyfriend- another man
Another guy by your side
Someone who hopefully treats you right
But you don't know how much I wish I was
Your boyfriend- that other guy
The only one who's allowed
In your room to lay in your arms at night
Now u don't know how much I wish I was your
boyfriend

I know you got a boyfriend
I hope he treat you well
And don't u know how much I want to be your
boyfriend
