Saying that I don't love you
Is more than I'll have to say
On what your doing to me
Feeling good anyway

That's okay
Cause I'm kinda lonely
And you're acting
Kinda phony
Watching you fall down
Makes me who I am

Now that you got my message

And I 'm waiting for
A reply
On what your doing to me
Say hello or goodbye

That's okay
Cause I'm kinda lonely
And you're acting
Kinda phony
Watching you fall down
Makes me who I am [2x]
