Sitting here
Playing my four little chords
People talk shit
But I 've learned to ignore
Those things there saying
There tryna bring me down
You don't like my music
You don't have to stick around

Now I now just who you are
And who your trying to be
It's like I'm the only one
Who's ever believed in me
It's those things there saying
Your never gonna bring me down
You don't like my music
FUCK YOU don't stick around
Fuck you don't stick around

Sitting here I'm
I'm Playing my chords
People talk shit and
I've ignored
Those things there saying

There bring me down
Don't like my music
Then don't stick around
Then don't stick around

Sitting here
Playing my four little chords
People talk shit
But I 've learned to ignore
Those things there saying
There tryna bring me down
You don't like my music
You don't have tooâ€¦â€¦â€¦.

You don't have to stick around

You don't have to sticka

Round (with vocal thingy)
You don't have to sticka
Round
You don't have to sticka

Those things their saying
There bringing me down
Don't like my music then
Don't stick around
