It doesn't matter now
'Cause I am over you.
This thing we called love
Is just a game to you

I'm trying to clear my head
Look what you've done to me
You're messing with my mind
It's finally clear,
Now I see

That you were always trouble,
Wrong for me
I'm evacuating on the double
Soon your friends will see

The veil will be torn
The truth will come out,
You may not think so,
But I don't doubt

You're at the end of the line
I'm at the end of my rope
But I will rise up
I won't stand here and mope

'Cause... you are not worth the tears that I she'd
[Talk:] I think you'll agree
[Talk:] That enough has been said

Oh I wish I always knew,

That you were always trouble,
Wrong for me
I'm evacuating on the double
Soon your friends will see

The veil will be torn
The truth will come out,
You may not think so,
But I don't doubt

That you were always trouble,
Wrong for me
(You were always trouble, wrong for me)

My mother always told me to stay away from you
Wish I had listened
Could I please have a redo?
(Could I please have a redo?)
(Redo, redo)

Now she holds me as I cry,
She whispers in my ear,
Wipes the tears from my eyes.
She doesn't bring back the time that she told me
(The time that she told me)

That you were always trouble,
Wrong for me.

I'm evacuating on the double
Soon your friends will see

The veil will be torn

The truth will come out,
You may not think so,
But now I don't doubt
That you were always trouble,
Wrong for me
Wrong for me
Wrong for me
Yeah

It doesn't matter now,
'Cause I am over you.
That's what I tell myself
But is that really true?

[Talk:] But then I have to remind myself,

That you were always trouble,
Wrong for me.
I'm evacuating on the double
Soon your friends will see
The veil will be torn
The truth will come out,
You may not think so,
But now I don't doubt
That you were always trouble,
Wrong for me

I'm picking up the pieces,
Off the floor.
I'm closing up my heart to you,
Lockin' up that door.
[Talk:] You're not welcomed here, anymore.

Was it something I did,
Or was it something I said?
That made you change

Was it something I did,
Or was it something I said?
I'm desperately trying to get in your head

I'm desperately trying to get in your head
Oh, was it something I said?
Or was it something I did
That made you change
That caused my world to rearrange

It caused my world to rearrange.

Oh, I wish you knew
How I feel about you
Oh, I wish you'd see
How you're hurting me
(How you're hurting me)
(How you're, how you're, how you're hurting me)

When I look back on all my wasted time,
I remember how I never wanted to live with regrets.

[Talk:] This was, the biggest, one, yet.

I can't believe how blind I was,
How I couldn't see,
That you were always trouble,
Wrong for me.

That you were always trouble,
Wrong for me.
I'm evacuating on the double
Soon your friends will see
The veil will be torn
The truth will come out,
You may not think so,
But now I don't doubt
That you were always trouble,
Wrong for me

It doesn't matter now,

'Cause I am over you
That's what I tell myself,
[Talk:] But is it really true?

You were always trouble,
Wrong for me.
I'm evacuating on the double
Soon your friends will see

The veil will be torn
The truth will come out,
You may not think so,
But now I don't doubt
That you were always trouble,
Wrong for me

(Wrong for me, wrong for me)

Yeah
