Dedicated to DT

Hey it's about to be a party up in this piece right now

5 6 about to take over again for Kansas City

Red Dog Ville baby we I'll baby

It's on now yo

It's on now, my villains bout to move the crowd

It's on now, we bout to show you bustas how(X2)

If you can move the crowd and we bout to show you
how

It's over like 58 comin from the corner

Never pump fake when I'm comin up on ya

Runnin wit? and? cuz that blitz is what we chose

And There ain't a team that I seen that can hold us

Red Dog Villians is the 58 soldiers

Defense, never let em move the ball

Prevent, proper pass watch me pick em off

I can't wait to put my pads on a raider

Put my helmet on a hater be the arrowhead gladiator

Change the play watch me rush around the corner

Got the spirit I'm determined got the fans on my
shouldas

I'm never phased when them horses try to bootleg

Just get the sack for mr hunt and paint the roof red

It's on now you in the red zone clown

Forget a first down you better not even think about a
touch down

Kansas city chiefs comin at you to get at you(yeah)

We'll ride you like grey hound passengers

We attack the quarterback for multiple sacks

Shut down ya runnin back pick it off and run it back

Our defensive line is so quick with the blitz

It's like the return of derrick thomas and neil smith(
yeah)

Red dog villains touchdown

3 and out make em punt uhhh

When I catch that flea flick

It's on now, my villains bout to move the crowd

It's on now, we bout to show you bustas how(X2)

Yall got this defense dug in the trenches

Fourth and inches

Light em up clear them benches

Stick them bitches

Let em know that they can't move the chains

Make it rain hermans villains here to bring the pain

You feel me man

We gon show em how we used to do it

Nickle stunts double teams

Derricks blowin thru it nothin to it

Dogs huntin and we out for sacks

Ya quarterback see the whole game from his back

We run it back

When he slip and hit my quarterback
