Open up  
All the windows  
Don't be afraid to let the sunlight in  
Give it up  
Don't disobey it  
Let it grow and  
Let it all begin  
You'd be a fool to fight it

You belong here  
We've been waiting so long  
We've been waiting so long  
You belong here  
We've been waiting so long  
We've been waiting so long

You try to run  
But it will find you  
It's right behind you  
We've been chased by love  
Lift up your eyes  
Turn down the noise  
Be where you are and  
Let it all begin  
You'd be a fool to fight it

You belong here  
We've been waiting so long  
We've been waiting so long  
You belong here  
We've been waiting so long  
We've been waiting so long

If you ever wanted to know that you're wanted  
If you ever wanted to know that  
If you ever wanted well know that you're wanted  
It's something that I need to you know

Yeah if you ever wanted to know that you're wanted  
If you ever wanted to know that  
If you ever wanted well know that you're wanted

It's something that I need to you know

You belong here  
We've been waiting so long  
We've been waiting so long  
You belong here  
We've been waiting so long  
We've been waiting so long

You belong here  
I've been waiting so long  
I've been waiting so long  
You belong here  
We've been waiting so long  
We've been waiting so long
