The anger grows stronger
Surrounded by hate
The whole world has let you down
And anger is your way out
With a closed mind
Filled with anger and hate
Feel let n down
Close to being betrayed
Why don't you fight your own problems ?
Instead of using them as an excuse
For your hate

Carrying feeling inside you
That you just can't keep
Blinded you let it out
Just need someone to blame
Anger and hate without focus
Hatred of the worst kind
Caught up and trapped within
Just to blind to see
This is not about colors
This is not about race
It's about people who lost their focus
And it results in blind anger & hate
