People shoutin' nigger  
Well it's time to draw a truce  
Exxon's dumpin' oil  
Probably goin' for that deuce  
A baby boy of eighteen  
Gets his license to kill  
Mother in the ghetto  
Sells pills to pay her bills

Here comes the punchline  
It's a killin' joke  
Welcome to you future  
I leave you with no hope  
Ah ah ah  
Ah ah ah  
Ah ah ah  
It's a killin' joke

Bastards bent on genocide  
Well happy happy day  
Kids killin' cops make  
The weak begin to prey  
Demon voice of evil  
In the church and here to stay  
And God  
I really have no faith

(Chorus)
