Lost it all we gotta get it back
We can't go on like this
Face the facts, about how things are
Better start dealing with it
Before it's too late
No one can tell you, no one can make you
To do things that's not for you
You can do things that aren't always right
As long as they feel right for you
But here things went wrong
Must get it back people have lost
Sense of right and wrong
Things gey out of hand
Out in the streets there's no such thing
Sense of right and wrong
Went wrong gotta make it right
We can not wait
Face the facts, try to get it back
Get back what we had
Before it's too late
