If they let me in the game  
I'm a do what I've been doing  
Going at your heart 'till the money start moving  
No is not an answer, loosing ain't an option  
I'm gonna get it, I'm gonna get it  
I'm gonna get it happen  
Sitting on the outside tryin' to begin  
No matter how it looks right now, I'm gonna win  
I want that thing, I want that shine  
And I'm not stopping, not stopping until the game is mine

He writes me, I'm a stay in the top 5  
And I ain't big but I've always been ready to die  
I'm wired fast so the connection is global  
You can see me on your cp you and your mobile  
I'm tryin' do it big but haters wanna see me dead  
And I ain't even paid she already wanna cash my checks  
That's what you get, man, when a homie going raw  
Tryin' to stay focused on my dreams, world tours  
, getting in with the best of men  
A fully loaded cock 'cause Lee Ellie ain't wrestling  
Now is to the top like champagne bubbles  
Drifting from the bottom, far away from the struggles  
Coppin' out? No, I ain't gonna trip  
Gym was for you, beauty taste, I ain't seen that there  
So homie why you mad? 'Cause I spit so sick?  
See, I ain't never gonna stop until I am oh so rich

If they let me in the game  
I'm a do what I've been doing  
Going at your heart 'till the money start moving  
No is not an answer, loosing ain't an option  
I'm gonna get it, I'm gonna get it  
I'm gonna get it happen  
Sitting on the outside tryin' to begin  
No matter how it looks right now, I'm gonna win  
I want that thing, I want that shine  
And I'm not stopping, not stopping until the game is mine

All I know is the grind, sweat, tears and hard work  
I pray it'll pay off, if not it's glock work  
Brick rows, heavy weight, interstate moving  
You think you naggd it in but real big is far from  
losing  
G.O.D. we trustin', the eyes on the pyramid  
Champagne I'm burping, infrared beam, the spot in Cal  
we lurking  
And you'll never catch me jerking or getting off  
In my young voice I let it off just like the queen  
Vivica, Janice said it all  
We sit in the Benz and we leave the bikes  
She wanna play so I tossed her the pipe, right?  
They wanna see me slipin' grinding bitches tryin' to set  
me up  
Talking shit, speak, but now I don't really give a fuck  
The game is mine like 4, 5, 6, you bet the odds against  
me  
To role whole this clip

If they let me in the game  
I'm a do what I've been doing  
Going at your heart 'till the money start moving  
No is not an answer, losing ain't an option  
I'm gonna get it, I'm gonna get it  
I'm gonna get it happen  
Sitting on the outside tryin' to begin  
No matter how it looks right now, I'm gonna win  
I want that thing, I want that shine  
And I'm not stopping, not stopping 'till the game is  
mine  
This here's the anthem and it's spread by word of  
mouth  
If it ain't up top then you know it's the dirty South  
And I might head West to get it popping with a bunny  
Playboy, but really all I need is the money  
Superstar status, billboard, lavish  
Don't sleep on the gully, Ellie's the total package  
And you ain't got to love him to deal with him  
Your boy is a problem so you know where I'm heading  
P. talk to 'em

Came out of nothing and I made it to the top  
Now I'm getting money 'till the money getting back,  
yeah

If they let me in the game  
I'm a do what I've been doing  
Going at your heart 'till the money start moving  
No is not an answer, losing ain't an option

I'm gonna get it, I'm gonna get it  
I'm gonna get it happen  
Sitting on the outside tryin' to begin  
No matter how it looks right now, I'm gonna win  
I want that thing, I want that shine  
And I'm not stopping, not stopping until the game is  
mine
