I'm only human
Of flesh and blood, I'm made
Human ... born to make mistakes

[Chorus:]
If 5 boys in da house say it loud
If 5 boys in da house check it out [2x]

Come on baby dry your eyes, wipe your tears
Never like to see you cry, please forgive me
I wouldn't ever try to hurt you
I just needed someone to hold me
To fill the void while you were gone
To fill this space of emptiness

[Chorus]

When I lay upon my bed reminisce then I wish
That I got you by my side with the cherry red kiss
Hit me off make it soft hold me tight through the night
You know I'm gonna fight cos the thing we had was
right

But if you go all I know I can't go a day without you
Here in my arms hypnotized with your charms now
I'm feeling for you baby ain't you hearing the alarms
You can't stop all the love that I got

Wanna rewind time to better days that were hot check it
Bring back the better days for me baby
You gotta bring em back cos I'm going crazy
I go insane with your name up in my brain

Things will never be the same you ain't up in my frame
So what you gonna do what you gonna say
Tell me that you're gonna push your loving back my
way

[Chorus]
