(get down, get down)  
[repeat in background]

So here's how it started  
It started with a beat  
A beat in my head  
And it wouldn't go away  
So I added a bass  
The bass was phat  
I played it to my boys  
On the 24 track  
They liked that  
Uh, they hand clapped  
Followed by the mic check  
No time for dinner  
5ive's out on the night shift  
Shade the eyes  
In the middle of the nite  
Into the dawn  
Till the lyrics locked tight  
All to the mix  
Tell your DJ quick  
5ive boom

He kept playin' my song  
On and on  
All night long  
[2x's]

Rip it up  
Everybody rip it up one time  
Let me bring the riggedy rugged  
Flow for ya mind  
I got what ya need  
Now let me break it down  
5ive on the low  
With the funk for ya town

Down on the floor now  
Let me see ya move  
This time tonight

Now we startin' to groove  
Who got the champion sound  
Understand  
Rhyme for rhyme  
5ive on the low down

Get down, get down  
Get down, get down  
Get down, get down  
Check it

He kept playin' my song  
On and on  
All night long

Like I said before  
I got the funk  
For your trunk  
From the junkyard  
To the boulevard  
Here we come  
Ladies lock tight  
Roll wit dat  
Straight 5ive  
Dead right  
Party's over here  
We got the 5ive boom  
All nite

We made a hit  
Yet another homerunner  
And sweet sugar G  
Has got you hot like the summa  
So I'ma step it back  
And let the DJ bust a mix  
5ive Boom

Get down, get down  
Get down, get down  
Get down, get down  
[2x's]  
Get down, get down  
Check it

He kept playin' my song  
All night long  
[2x's]

Now Now Now, uh  
Baby bounce  
Let me see ya bounce to this

I got the mic tech mix  
To help you use ya ears  
So ya sit by the radio  
Hands on the dial  
Soon 5ive on the jam  
Time a pump up the volume  
(what)

Another fly track to get down  
Let me see ya move it  
Time for you to get down and groove it  
Ain't no doubt we fly  
So don't deny  
(Nah nah)

He kept playin' my song  
On and on  
All night long  
[Repeat til fade]
