Dealing with this for quite a while
And i'm glad that it's finally over
I think it's time for me to move on
Cos there really is nothing left for me here
Keep on going
Start looking forward there's nothing left for me here
Get a fresh start something new

There's nothing left for me here
I tried to hang on for as long i could
But things just didn't go my way
So there is only one thing for me to do
But to let it be cos there's nothing left for me here
