Reminisce girl on the way that it was,
Everything that I had was yours,
Give me kiss girl like you used to do
I'm gonna take my time with you
Make it feel like what you felt before,
Now you're back 'cause you want some more
I can't help but feel the way I do

And girl I got this to say to you
They're runnin' around my mind got thoughts of you
and me all the time

[BRIDGE]

Well baby you've got to let me know what I gotta do,
'Cause if you'd only tell me,
Maybe you could help me,
Try to understand how to get with you

[CHORUS]

All the boys on the right give it up this time,
All the girls on the left give it up this time,
'Cause all the boys on the right want to check you out
And all the girls on the left wanna show you how.
Now it's on girl, got the best of you,
Now I wanna take the rest of you,

I wanna rock with you I wanna roll,
If you want girl we can take a ride
I don't want to take it slow with you
I can't help but feel the way I do,
I'll be fine with you by my side,

So I've got this to say to you

[BRIDGE]

[CHORUS]

Give me kisses, lay it on, rock it to the break of dawn,
I can do it nice and soft and give you everything you
want,
'Cause what you need's what I got don't forget it
We should get together just to check out if our love

connects,
Baby I'm a-waiting right here come and get it
Kissin' necks, I'll perplex, any way you want ta flex
Tell me now are you feelin' how I'm feelin'
I got a freaky feelin' deep inside this could be real and
check it out.

[BRIDGE (2nd half)]

[CHORUS x2]

There's something in the air to end
