That's what ya told me baby  
That's what ya told me baby  
That's what ya told me baby  
Ya drive me Crazy  
(2x's)

I thought I was the one  
Of when we were together  
You would take me to  
Another place in time  
That I can feel free  
That you were all  
That I was searchin for

That's just when I  
I thought I could lean on you for life  
I thought that the sun would always shine  
But you took my dreams away  
I remember the lies that you told me, baby

One  
You told me you love me  
You need me  
Two  
You told me you'd never decieve me  
Three  
You told me you'd always be true  
Four  
You told me we're through  
That's what you told me  
That's what you told me baby  
That's what you told me

Tell me was it fun  
Takin' my love for granted  
Well I'm not the one  
Everything we used to share  
It's up and gone  
I don't need to tell you  
You were wrong

That's just when I  
I thought I could lean on you for life  
I thought that the sun would always shine  
But you took my dreams away  
I remember the lies that you told me, baby

One  
You told me you love me  
You need me  
Two  
You told me you'd never decieve me  
Three  
You told me you'd always be true  
Four  
You told me we're through  
That's what you told me

That's what ya told me baby  
That's what ya told me baby  
That's what ya told me baby  
Ya drive me Crazy  
(2x's)

(Abs rap)  
That's what ya told me girl  
Tell me no lie  
Do ya wanna fly super high,  
Super dooper high  
No mistakes when I'm with you  
Know exactly what I wanna do  
Lay you down and pursue  
Me I'm super fly  
Cause I'm super high  
When I'm by your side  
If you like  
Tell me do ya like  
One if you wanna  
Two if you gonna  
Three time a jive  
Four 5ive bring it live

One  
You told me you love me  
You need me (you told me you loved me)  
Two  
You told me you'd never decieve me
