My man's got a question  
My man's got a question  
And the question is

[Kool Keith] (Princess Superstar)  
Is this a game, I'd like to know  
Does she need me, as she pretends (oh)  
Is this a game (ain't no game baby), I'd like to know (uh  
huh)  
Does she need me (oh I need ya) as she pretends

[Kool Keith]  
I'm mad super-fly in the bathrub, I'm Real  
Princess is sure phasin' two-thousand-one, I'm the  
future Ron O'Neal  
With the Speedos on I heard you was talking about my  
ass  
I'm coming over to your house buttnaked with a  
condom on, riding in the touch of class  
When I get there, stand with lingerie by the door  
Let your bra shine, drop your thongs to the floor  
We gon' drink some soft wine and watch a x-rated  
movie that's hardcore  
Perform like a man on the set, lights, camera and  
action  
Princess in tight panties wants satisfaction  
But licked and all, I like to walk around Mrs. and me  
and have sex with you in the mall  
Hit it from the back while a security guard make a  
phonecall  
I'm nasty bouncing the breasts up and down like  
basketballs  
Using rubbers and latex, jerking off with gloves by  
Playtex  
Baby back for grease, easy sex  
Recline, comfortable, move on the couch next  
On my chest, forget Superman, my costume shows the  
S

[Kool Keith] (Princess Superstar)  
Is this a game (uh), I'd like to know (know baby)

Does she need me (uh huh), as she pretends (oh)  
Is this a game (ain't no game baby), I'd like to know  
(whatcha wanna know)  
Does she need me (oh I need ya) as she pretends

[Princess Superstar]

Now, when I saw your face I'm a believer  
Hey, what you got the keys to my Beamer  
A keeper, get the fever, viva, end receiver  
Oochie Wally Wally, leave it to my beaver  
Take a big sip and inhale, you tip the scale  
If this rap game don't work out baby you cut for  
Chippendales  
I got my nails done for this special day, Oil of Olay  
Case of Criss in piss in the bidet, I'm miss rappin' Jon  
Benet  
Big hunk blowin' spunk in the back of the top bunk  
Slam dunk Daft Punk's voicebox in the water, kerplunk  
Get crunk, forget Clyde and Bonnie, Ted Bundy and  
Peg Bundy Burt & Loni  
Nancy and Ronnie, Betty and Barney smokin'  
marijuana, I'm a little horny  
On and on, a common bond, two vagabonds in Vuitton  
Eatin' Cinnebons at a mall on Mars where we belong  
Arm in arm naked, makin' spawn  
At the salad bar, get salad tongs, deliver our new baby  
born  
Wait, something's wrong  
I gotta call my mom, tell her Keith's on my song  
(Mom: Oh my God, that's great honey, Kool Keith. Wh-  
what did you say that he sang?)

[Kool Keith] (Princess Superstar)

Is this a game, I'd like to know  
Does she need me, as she pretends (I fell in love Keith)  
Is this a game

[Princess Superstar]

Ultramagnetic, you helped my headache  
Like a music paramedic, you mad athletic  
There I said it, I'm older now, come and get it  
We're like doin' it and doin' it well, so poetic

[Kool Keith]

Like L and Rick Ruben I'm Going Back To Cali  
Taking you on the G-string tour mansion and the  
marble pool in the valley  
With celebrities and basketball stars, guys tall as John  
Sally  
Princess drivin' a hummer with Victoria's Secrets  
through a alley

Lookin' off Mullholland Drive  
Drinking a Diet Pepsi with a Arch Deluxe and some  
french fries  
And an apple pie love, gettin' fat

[Princess Superstar]  
Uh, you and me like E.T. and Drew Barrymore  
Pick Reese's pieces off your piece, I want to marry  
more Keith  
You'll be coming soon to a theatre near me  
Veni, Vidi, Veni, Veni, I came and I saw and I came and  
I came again that's three

[Kool Keith]  
You came straight to the point like a pocket rocket  
Our understanding two freaks coming out the closet  
I'll put you in a catsuit made of ostrich  
You on stage collecting the sex award for the best lover  
in my flick starring Lou Gosset  
I hold you in that part  
Baby on your back, let me know when you wanna start,  
when you wanna start

[Princess Superstar]  
I think about you and the things you say when you rhym  
Won't beat around the bush so you can beat around  
mine  
I'm a Slinky, coil my butt back and forth down the stair  
I'm kinkier than pubic hair

[Kool Keith] (Princess Superstar)  
Is this a game (it ain't a game baby), I'd like to know  
(what you wanna know baby)  
Does she need me (uh huh, uh huh), as she pretends  
(ooh)  
Is this a game (ain't no game baby), I'd like to know (uh  
huh)  
Does she need me (oh I need ya) as she pretends

[Princess Superstar]  
Oh daddy I've grown  
Ain't no game baby, hahaha  
Yeah, oh I need ya
