Chorus:

What up?

It is about me.

Whatâ€™s up?

It is about me. Me. Me.

Bust This

Yo, Yo, Yo, Yo.

Bust this. So

You think you can

Bust this rhyme?

What about holding

Down lyrics without

Alibies? What about transforming

Prose with rhyme through each line?

What about creating dope sounds

Through a drop of a dime? What about

This? What about this? What about making

The base drop through hypnotic beats?

What about finishing rhymes with lyrical

sounds? What about convincing you

to innovating hype? What? You donâ€™t believe

the hype. Try tuning into a dj generating

lines. Bust this. Bust this. Bust this.

Hello

My beat got game.

It adds to its appeal.

And no other writer

Has sex appeal.

Hello. Itâ€™s the climate.

My beat got fame.

It has essence.

When the players play my tape.

Got them feeling the action.

Hello. Itâ€™s the climate.

My beat got game.

You got the idea.
Words so depth
It will keep you wanting more
And more and more.

Hello. It's the climate.

My beat got sound.
Did I mention it's the flow
That got others watching.
My work is doing good.
It is worth the action.

Hello. I am dissing you.
Hello. It's the climate.
Beat got game.

Million
You are one in a million.
Who listen to me throw
Down sonic beats
Worth a million pounds.
No doubt I got you popping
Dropping, hip hopping
To the in depth beat
I got your fingers snapping
Got you tapping your feet.
You are one in a million.
Listeners who croon
For my sound
Wanting more dope rhymes
It's I who wears the crown.
Of depth music
With a unique meaning
Eager to hear,
Stare and feel
No one else can compare.
You are one in a million.
With the subtle words
An intellectual feeling
You have never heard
You are one in a million.
Series
Play that beat
So depth to feel.
Play that beat
That keeps me real.
Play that sound
That is going around.
Play that sound
I get around.

Round and round and round
I get down.
Round and round and round
I throw down.
Play that beat
That got vibe.
Play that beat
That makes me hype.
Play that sound
A voice in music found.
Play that beat
That has no doubt
One of the fattest rhyems
With so much glammer.
Let me hear you say. Play the beat. Play that beat.
I am the true lyricist in charge. Play that beat.
