And I don't need your money
And I don't need your time
I don't need anything that
You can give that comes at a price
You say sit down - Don't talk
Sit down - I'll walk
You can call it pride
But I'm not gonna sell you my life

I worked too hard
To get to where I am today
And I care too much
To let you stand in my way
And I worked too hard
To get to where I can say
You can take it or leave it
Or get out of my way

And I wonder what made you think
You could shut me down
Made you think I'm not the kind of person
Who could figure things out
I wonder what made you think
You could shut me down
I guess it's time for you to know
What you don't know now

And I don't need your questions
And I don't need your doubts
Cause I know what I'm doing
And I'm sure of that now
Go on and tell me - I'm wrong
Tell me - I'm gone T
His is what I believe
Even if you don't see it

I worked too hard to try to
Make you understand
And I care too much
To just give up if you can't
And I worked too hard

To learn to trust my own voice
To be fearless, I'm not afraid
To fight for my choice

Maybe I went a little bit crazy
From the way you try to keep me down
Don't underestimate me
I broke through your ceiling
And I feel so free now
