Gerry Rafferty: Whatever's Written In Your Heart

Waking up here on a rainy day

I swore last time that I would stay away

I came down here to talk to you

I said this time I might get through

I heard her speak but all the words were dead

We talked all night and left it all unsaid

So we agree to disagree,

At least we've got our memories

Whatever's written in your heart, that's all that matters

You'll find a way to say it all some day, yeah

Whatever's written in your heart, that's all that matters

Yeah, night and day, night and day

You've got your secrets yeah and I've got mine

We've played this game now for a long long time

You don't lean on anyone

You never had no place to run

You never wanted me to get too close

We love and hate the ones we need the most

I tried to find a way to you

One thing I could say to you
Whatever's written in your heart, that's all that matters
You'll find a way to say it all some day, yeah
Whatever's written in your heart, that's all that matters
Yeah, night and day, night and day
Maybe I've always set my sights too high
We take the easy way and still get by
I know there ain't no special way
We all get there anyway
I heard her speak but all the words were dead
We talked all night and left it all unsaid
So we agree to disagree
At least we've got our memories
Whatever's written in your heart, that's all that matters
You'll find a way to say it all some day, yeah
Whatever's written in your heart, that's all that matters
Yeah, night and day, night and day
