She was spring time
In the winter
Sweet Anne Marie
She was smiles and giggles
Waiting in line
At the Foster's Freeze

You were there
Right in front of me
I could swear
Right next to me
I don't know what your thinking
But I hope it concerns me

She was freedom
In the school yard
Sweet Anne Marie
She was smiles and giggles
Waiting beside the apple tree

You were there
Right in front of me
I could swear
A part of me
No, I don't know what your thinking
But I hope it concerns me

Anne Marie,
Lovely
