Funny hats and cigarettes,
My friend Dave
We cruise the town
Drive all around
Never enough to say

You can never grow old this way
Not when you live life for today

Vacant parties and stupid jokes,
My friend Dave
We cruise the town
Drive all around
Never enough to say

Except, you can never grow old this way
Not when you live life for today

Bottles of beer and bad idea(r)s,
My friend Dave
We cruise the town
Drive all around
Nothing left to say

You can never grow up this way
Not when you live life for today
