I love you when you're ugly  
I love you when you're cold  
I hate you when you hate me,  
But thats the way it goes  
I love it when you need me  
I need you all the time  
I love it when you're crazy  
You make me lose my mind

That's the way it goes my dear,  
That's the way it goes

I love you when you're angry  
I love you when you're bold  
I hate it when you leave me,  
Leave me all alone  
I love you when you're stupid  
You're not stupid all the time  
You know that when you're crazy, baby  
You make me lose my mind

I love you when you're funny  
I love you when you smile  
I hate it when I hate you,  
I can't sleep for a while  
I love you when you're pretty  
You're beautiful all the time  
Girl, you drive me crazy  
You make me lose my mind
