Me, Iâ€™m a part of your circle of friends
And we notice you donâ€™t come around
Me, I think it all depends
On you touching ground with us

(Chorus:)

(But) I quit, I give up
Nothingâ€™s good enough for anybody else
It seems
And I quit, I give up
Nothingâ€™s good enough for anybody else
It seems

Everything is temporary anyway
When the streets are wet
The color slip into the sky

But I donâ€™t know why that means you and I are
That means you and

(Repeat Chorus)

And being alone
Is the best way to be
When Iâ€™m by myself itâ€™s
The best way to be
When Iâ€™m all alone itâ€™s
The best way to be
When Iâ€™m by myself
Nobody else can say

Me, Iâ€™m a part of your circle of friends
And we notice you donâ€™t come around

(Repeat Chorus 2x)
