Alone, don't leave me
Higher, please take me
Away, don't go
Take me to a special place

[Chorus:]

Come fly with me across the sea
To a place where we can be free
Come fly with me across the sea
To a place where we can be free

Pain, don't give me
Happiness, you give me
Away, just take me
Take me to a special place

[Chorus:]

Come fly with me across the sea
To a place where we can be free
Come fly with me across the sea
To a place where we can be free

Fly, fly

[Instrumental:]

[Chorus:]

Come fly with me across the sea
To a place where we can be free
Come fly with me across the sea
To a place where we can be free
