DRACO:

Harry Potter,
lover of only himself,
Do you recall the memories we've shared?
You never once was nice.
You never cared at all.
Now you will!
I'll have you running scared.

HARRY:

Draco Malfoy
You know nothing of my life
All I am is what I do.
I can not let you win
You snobbish evil brat!
Surrender now
before I come for you.

DRACO/HARRY:

You know nothing of Malfoy! / I am warning you Malfoy
I have more inside of me / I'm a hotter man by far
You will all bow down to me, / I was born to rid the world
of
your reign is at an end / poopy butts like yours
You are not the man you think. / I am still the hero here.
You are nothing but a fool. / Your butt is mine to wipe!
I see you now, / Give it to me!
You never were my friend. / Get down on all fours!

HARRY & DRACO:

At last the lines are drawn into the sand.
At last I know exactly where I stand.
You may think that I'm on the decline,
but tonight this school is mine.
Yes, tonight this school is mine!
Yes, tonight this school is mine!

DRACO:

You've had luck in duels before but now we know-
You are just a shadow of a tale from years ago.
If you're doubting all you've ever known, then take it as

a sign
that tonight this school is mine.
Yes, tonight this school is mine!
Yes, tonight this school is mine!

HARRY:
You think you're close to beating me, but you never will
the more you try to climb the more you're slipping
down the hill.
Look into my eyes and know - this is the bottom line:
Tonight this school is mine.
Yes, tonight this school is mine!
Yes, tonight this school is mine!

(Malfoy conjures a snake)

HARRY:
Hey, listen snake, I know your life is kinda rough
If I was in your shoes, or scales, i wouldn't be so tough.
But I can see the girl inside, oh babe you really shine.
(spoken) There you go snake. That's a good girl.
Serpensenzia!

(The Snake dies)

Cause tonight this school
Yes, tonight this school
Yes, tonight this school is mine!
