Seems like I've gone off the side of a mountain
Couldn't be sure I was even alive
Falling from the icy heights
Landed with a broken cry
In this valley of shadow and sorrow and sighs
Can you save me baby?

Nobody lives without love
Nobody gets to give up
You can try to lock you heart away
But love will come back for you someday
Nobody lives without love

Thought I could live my life as a stranger
Hide from all the heartbreak that love always brings
Make it to the higher ground
And try to turn the volume down
Couldn't stop the sirens from singing
Sing for me baby

Nobody lives without love
Nobody gets to give up
You can try to lock your heart away
But love will come back for you someday
Nobody lives without love

You came along like a flash of your lightning
Crashed into my life like a runaway star
Feels like I'm falling from gravity's reaches
Now I'm standing here offering a stranger my heart
