Domination!  
Sinister and evil Breed  
Hunting human like a fuckin' disease  
Devastation spread throughout the land  
Now bare witness to the master plan  
Warchiefs thundering  
From hell to eternity  
Doom and prophecy  
Through death and slavery  
Behold the Warlord riding  
Apocalyptic visions  
Of death  
The oceans burn like fire  
The burning desire  
A witness to the vengeance  
Of hell on this earth  
Global penetration  
Genocidal race  
A massive conflagration  
The end awaits!  
Pray for an end to this suffering  
Reprieve from the torture and fear  
Our legions have taken the citadel  
In the abyss  
Where the bodies of the fallen burn!!  
Sinister and evil Breed  
Hunting humans like a fuckin' disease  
Devastation spread throughout the land  
Now bare witness to the master plan  
Ripping the wings from an angel's back  
No mercy expected or given  
The heads of the righteous adorning their path  
A plethora of hate and torture  
An era of chaos has fallen global  
As one by one the continents fall  
All enemies captured and enslaved  
Domination is just a heartbeat away  
The oceans burn like fire  
The burning desire  
A witness to vengeance  
Of hell on this earth

Global penetration  
Genocidal race  
A massive conflagration  
The end awaits!  
Pray for an end to this suffering  
Reprieve from the torture and fear  
Our legions have taken the world  
One by one the continents fall  
Oblivious to the power that stands before them  
All that stand in the way are reduced to ashes  
Armies cowered by the power of their might  
Hell's Decree  
Sinister and evil Breed  
Hunting humans like a fuckin' disease  
Devastation spread throughout the land  
Now bare witness to the Master
