Walking in the park so late at night
Under the moon and stars that just won't shine
Down on us, is this goodbye?
Will you break my heart or make me cry?
Cuz we're unhappy, you noticed
What will it take to see us through this?

A lifetime of love and laughter
Help me find what I am after
You know me I will be just fine
There'll be good, bad, slow, fast times
Wanna know that I'll survive
You and I know it'd be easier
With you by my side

Has it really come to this?
Another night, another fight
You just can't seem to tell me
What's on your mind
And I wonder why

A lifetime of love and laughter
Help me find what I am after
You know me I will be just fine

There'll be good, bad, slow, fast times
Wanna know that I'll survive
You and I know it'd be easier
With you by my side

Don't give up on me yet
Don't give up on us now
Don't give up on love
We'll see this through somehow

Lying in bed so late at night
Under the moon and stars that just won't shine
Down on me, you said goodbye
You broke my heart and made me cry
And now you're happy, I noticed
What will it take to see me through this?

A lifetime of love and laughter
Help me find what I am after
You know me I will be just fine
There'll be good, bad, slow, fast times
Wanna know that I'll survive
You and I know it'd be easier
With you by my side
