I remember when I was a kid I used to play outside  
The sky was always blue and I'd have the sunshine,  
sunshine  
But nowadays you see, I cannot go back, no I can't, no I  
can't  
When you're a grown-up everything is grey and sad,  
yes it is

But that's why I have to remember,  
Have to remember, have to remember  
What it's like to be a child

I gotta be a child now

I'm playing with my tools and I'm playing with my cars  
But I don't understand war so far  
Too young to die, too old to live  
In imagination, in imagination, time for creation  
In my imagination, yeah

That's why I have to remember,  
Have to remember, have to remember  
What it's like to be, no no

Well I'm a child now  
And he's a child too  
Cause I'm a child now  
What about you  
But I'm a child now  
And he's a child too, yea  
Cause I'm a child now  
And what about you  
What about you

That's why I have to remember,  
Have to remember, have to remember

I gotta be a child, gotta be a child, gotta be  
[repeat til end]
