Verse 1

Never gonna be the one to back down
Never gonna be the one to let go
Gonna stand tall and fight for you lord, with all I got
Never gonna be the one to give up
Never gonna be the one to lose hope
Gonna stay strong and fight for you lord, with all I got

Prechorus

Time to battle on, and fight the evil one, never let him
take control of me
Time to stand my ground, never let you down, always
fight with everything I got

Chorus

Stop and listen up, there's no time to waste, you only
got one chance at this life
Stop and listen up, this is the reason why, I refuse to let
them win this fight

Verse 2

Never gonna be the one to back down
Never gonna be the one to let go
Gonna stand tall and fight for you lord, with all I got
Never gonna be the one to give up
Never gonna be the one to lose hope
Gonna stay strong and fight for you lord, with all I got

Prechorus

Chorus

Bridge

I won't back down, won't give up the fight (x4)

I'm gonna fight for you, I'm gonna shine for you, I'm
gonna live for you,
I'm gonna die for you (x2)

Bridge 2

You only live once, so you better live it up

You only live once, so you better get it right
You only live once, so you better live it up
You only live once, so you better get it right

Final Chorus

Stop and listen up, there's no time to waste, you only
got one chance at this life
Stop and listen up, this is the reason why, I refuse to let
them win this fight
Stop and listen up, there's no time to waste, you only
got one chance at this life
Stop and listen up, that is the reason why, I will choose
to give my life for him
