Know it's 50-5, right? Yeah
I'm coming

I was waiting for something more
But we chose to ignore
And for the last we followed the norm
Now look what we've done
I was surprised the way you treated
The things that we both shared
Call me sensitive, but this moment had me scared
Can't afford, to let you go
Can't absorb the love
And even though you can't give me this much
Still not willing to give it up now
Remember, for better or worse
Still standing, waiting for you to say the word, oh

[Chorus]

Got me by surprise, when assault take
So 1 man show, but who's to blame
It's like something close, might as well be so far away
Chose not to play a role,
Everytime I get close
And I wonder what if it's
That you have love control

I don't wanna make it an issue
But sometimes I need an tissue
Whoever said grown men don't cry
I think by now I'ma need a break through
I held my head up high till the bridge came down
And I found myself alone
And we made our big mistake, no
Can't afford, to let you go
Can't absorb the love
And even though you can't give me this much
Still not willing to give it up now
Remember, for better or worse
And I'ma be standing, waiting for you to give me your
love

[Chorus]

Got me by surprise, when assault take
So 1 man show, but who's to blame
It's like something close, might as well be so far away
Chose not to play a role,
Everytime I get close
And I wonder what if it's
That you have love control

Maybe I'm asking for too much
What I feel like just go wait, let it all to be, no
Never gave me a reason to, call you my wife anyway
But I want you to stay
Cause I don't believe in beraking up, no
No I don't believe in breaking up, no, no

[Chorus]

Got me by surprise, when assault take
So 1 man show, but who's to blame
It's like something close, might as well be so far away
Chose not to play a role,
Everytime I get close
And I wonder what if it's
That you have love control.
