I feel so chill all over, all over  
And it's just like gravity ever sends us, sends us, all  
hell, so hell  
Head across the water, feet above the ground  
Eyes are rotating backwards, backwards, backwards  
When I was wondering if you would tell me your name,  
name, name

She got me, she got me frozen, frozen, frozen  
Like I'm in a coma, coma, coma  
Baby can I hold you, hold you, hold you  
For just about a minute to an hour, girl  
Cause they got nothing on you, nothing on you  
All around the world they got nothing on you  
From Miami to L.A., they got nothing on you  
Cause Shawty is a 10, they got nothing on you

I got a super nova crush cause she's out of this world  
And she hotter than the sun, beautiful just like a pearl  
For when she walk around just make my toes, toes,  
toes curl  
Crawling round and round and round  
Eyes are rotating backwards, backwards, backwards  
There's something about her that makes me wanna  
scream  
on top of the world, world, world  
Losing my , , like I'm in a coma, coma, coma  
Baby can I hold you, hold you, hold you  
For just about a minute to an hour, girl  
Cause they got nothing on you, nothing on you  
All around the world they got nothing on you  
From Miami to L.A., they got nothing on you  
Cause Shawty is a 10, they got nothing on you

Girl I wanna be your love, wanna be your friend  
And around look at no other, I wanna be your man  
Cause ain't no, ain't nobody, do it like I do  
Girl I wanna be your lover, wanna be your friend X 2  
Cause they got nothing on you, nothing on you  
All around the world they got nothing on you  
From Miami to L.A., they got nothing on you

Cause Shawty is a 10, they got nothing on you X 2
